Dear Jellybeans:

I've been listening to your program for quite sometime now. I enjoy it very much. I was sorry to hear you were sick. I hoped you'd get well quickly as I missed you very much. I enjoy listening to your visitors, I like to hear them talk.

I'm going to have a birthday on the 22nd of March. Please will you play, "The piano that talked." for me on that day.

I have a friend, Nola Mullan who has a birthday on the 28th of March. Can you play, "Goldilocks" for her?

Give my best wishes to Applehead and Porkchops.

Sincerely yours

Gladys Lucille Olsen
