Dear Jellybean!

My daughter Christine is now 3½ year old. If she would know, how to write a letter, she would do it at once. She would write how she is enjoying your children program, "The Stories", "The Jellybean - Musik" and the little songs. Now she is waiting and excited to hear the nice song "Kiddy in the basket".

Christine is feeling very lonesome, since here brother Claus is going to school again.

I thank you very much "Dear Jellybean" that you bring to the children each day so a nice half hour program.

Now I have a special wish. I would like to hear "Old Mc. Donald had a farm" could you do it?

My whole family liked Shamrock Bread and Pastry, especially Cupcake and Doughnuts.

I thank you very very much for bringing the songs.

This letter is only for Jellybean.
Not for the microphone.
