

Marilyn Williams  
Hope. D A A

Dear Jellybean,

I listen to your program every Saturday, and enjoy it very much. I'm sorry you're ill, I sure hope you'll be better soon, because I like you better than your daddy, although we can appreciate what daddies do for us.

My daddy calls me a "tomboy" because I helped him with his dude riding horses, in California before coming to Alaska. Here is a picture of me on Red, when I was three years old. Please play a horse story and that old western favorite "The Strawberry Roan". But you'll have to play it some Saturday, as I go to school on week days. This is my first fan letter and I would sure like to meet you personally, as you seem to be an understanding person. I hope to be able to come to  
over please

Anchorage some time to meet you.

Yours Sincerely

Marilyn E. Williams
