Dear Jellybean,

One of the things I like best  
about my Christmas vacation is that I get to  
listen to your program e very morning. I'm  
in the first grade at the Wilson Village  
School at Elmendorf Air Force Base and I have  
to go to school at seven-thirty every morning.

My sister Nancy and my brother John listen to  
you every day and when I come home from school  
they always tell me what stories and songs you  
played. Do you think you could play a Roy  
Rogers record for me either Friday or Saturday  
because I'll have to go back to school next  
week.

Thanks a lot!
