- 42" screen
- HDMI ports
- USB ports
- 1080p HD
- \$500

Peerless Flat Panel TV Stand

- Movable
- Optional shelf
- \$230

Android Dolphin Browser

The screenshot shows the Google Play Store interface for the Dolphin Browser app. At the top, there's a search bar and navigation tabs for 'SHOP', 'MY MUSIC', 'MY BOOKS', 'MY MAGAZINES', 'MY MOVIES & TV', and 'MY ANDROID APPS'. The main banner features the Dolphin Browser logo, a smartphone displaying the app interface, and the text 'Simplify your mobile life.' Below this, there are icons for 'Share', 'Gesture', and 'Sonar'. The app's name 'Dolphin Browser' is prominently displayed with a 5-star rating and 1,102,656 reviews. Below the banner, there are tabs for 'OVERVIEW', 'USER REVIEWS', 'WHAT'S NEW', and 'PERMISSIONS'. The 'Description' section highlights that it's the world's first Gesture, Sonar, and Add-on enabled mobile web browser. It also lists features like being the #1 Mobile Web Browser on the Android Market, having over 50,000,000 downloads, and being available in 190 countries. The 'App Screenshots' section shows several images of the app in use. On the right, the 'ABOUT THIS APP' section provides details: Rating (4.5 stars, 1,102,656 reviews), Updated (June 3, 2013), Current Version (9.4.2), Requires Android (2.0.1 and up), Category (Communication), and Installs (10,000,000 - 50,000,000).
